Great Bay Discovery Center Education Internship

Who We Are:

We are part of a national network of 29 Estuarine Research Reserves. GBNERR promotes long-term research, education and stewardship throughout the Great Bay Estuary.

Intern Tasks & Minimum Requirements:

- Lead spring and/or fall school programs, 2-3 mornings per week.
 - o Spring programs are mid-April through mid-June
 - o Fall programs are mid-September through mid-November
 - o Interns could work one or both seasons
- Must be a junior or senior in an undergrad program or in a master's program, pursuing a natural resources/environmental or education degree.

Schedule:

- Spring training April 9th, 9:30-4:30 is recommended.
- 8-12 hours per week mid-April through mid-June, teaching school programs.
- And/or 8-12 hours per week mid-Sept through mid-Nov, teaching school programs.

Benefits:

- Work with a great staff and spend time outside.
- Gain valuable teaching experience.
- Staff will work with you to ensure any internship requirements outlined by your college or university are met.
- Letters of recommendation from staff at your request.

To Apply:

Send your resume and transcript to Melissa Brogle, Volunteer Coordinator at melissa.brogle@wildlife.nh.gov by March 6th, 2020. Interviews will be held mid-March and a decision will be made by March 31st.

Great Bay National Estuarine Research Reserve is a partnership between the National Oceanic and Atmospheric Administration and the New Hampshire Fish & Game Department
