

GREAT BAY DISCOVERY CENTER
PRESENTS

JR. BAYVENTURES 2022

SUMMER PROGRAM SCHEDULE FOR KIDS ENTERING 1ST-4TH GRADE

Bayventure programs are held on Fridays from 9:30-12:00.

Sign up for one or the super summer series of six.

July 8th Fish Frenzy

There are so many cool fish that live in Great Bay! Discover which one is your favorite. Try your hand at netting for small fish at high tide and help us feed our scaly residents. Come prepared to get wet. Make a fish magnet to take home.

JULY 15th

My Cousin is a Spider

Discover one of the oldest creatures on earth, the horseshoe crab, and learn about their cousins, the spiders. We will visit the waterfront and explore the boardwalk to look for both of these types of arthropods. Make a horseshoe crab craft to take home.

July 22nd Forts & Fairy Houses

Whether you are building a fort with your friends or a fairy house for the woodland spirits, you are spending time in nature. Join us for these favorite pastimes. Make a fairy house kit to take home!

JULY 29th Mystery on Great Bay

Join us for a morning of mystery games and activities. If you like surprises, or even if you don't, you will be sure to have a super time near Great Bay! Make a mystery craft to take home.

AUGUST 5th Mudflat Mania

Half of Great Bay is revealed as mudflats twice everyday at low tide. Come explore the amazing mudflats of Sandy Point and discover some of the fantastic animals and plants that live here. Create a craft to take home.

August 19th Tweets & Talons

Identifying birds can be empowering and lead to a lifelong passion. Join us as we spot some birds along the boardwalk. Make a craft for the birds in your own yard.

Bayventure programs are for children entering grades 1st-4th in the fall of 2022. Call (603) 778-0015 or email beth.heckman@wildlife.nh.gov with questions. Each Bayventure program is \$20. There is a \$5/program sibling discount. The camper to staff ratio is a maximum of 5:1. Register and pay online at greatbay.org
